SUMMARY

As a recent graduate with a degree in Computer Science and a passion for creating innovative solutions, I am seeking an entry-level Full-Stack Developer position. With a solid foundation in web development technologies such as HTML, CSS, and JavaScript, I have hands-on experience with front-end frameworks like React and back-end frameworks like Node.js. My strong problem-solving skills, coupled with a collaborative mindset, make me adept at working in agile development environments. I am eager to contribute my technical skills and enthusiasm for learning to a dynamic development team, where I can continue to grow as a Full-Stack Developer.

EXPERIENCE

Full Stack Developer Intern

GAO Tek Inc.

📅 01/2023 - 05/2023   📍 NYC , USA

GAOTek Inc. is a leading US based supplier of test and measurement equipment for fiber optic, telecommunications, networks, PSTN, CATV, environment, chemical and bio-medical test and measurement instruments.

- Promoted to Sub Team Leader, managing tasks execution.
- Working on Gao-Bitrix24 platform. Tasks execution for coding and debugging software applications and experimenting with design elements. Reviewing other developer's code (C++ , C and Python language), test software applications and patches, implement changes and updates when necessary.
- Designing Webpages(HTML and CSS), Digital marketing, SEO, Tech support. Participate in a team to organize virtual global conferences..
- Declared as Intern of the Month Twice.

PROJECTS

TimBank

📅 05/2023 - 09/2023   📍 Toronto , CA

Timbank, a full-stack web application merging banking features with an integrated e-commerce platform using HTML, CSS, JavaScript, Handlebars, PostgreSQL, Node.js, and Express.js. Enabled users to register, manage bank accounts, and place orders with automatic payment deduction upon login

- Full-Stack Proficiency: Created Timbank using HTML, CSS, JavaScript, Handlebars, PostgreSQL, Node.js, and Express.js
